ABOUT US

MABFIX Co. Ltd was founded and incorporated in 2019 and has its headquarters in Riche Terre. The company began its activities by providing maintenance services in all areas of civil works, ranging from construction, electrical, air conditioning, and plumbing works to refined finishing works, including landscaping, painting, woodwork, wallpaper installation, metal works, ceramic, and graphite finishes.

The high quality of the works completed, together with the competitive prices we offer and our strong client-centred approach, has led to our rapid expansion and established our reputation as a reliable contractor in the industry.

Our versatility in handling both small and multimillion-rupee projects efficiently, together with the broad spectrum of services we offer—from refurbishment works to new construction projects—while maintaining a high level of client satisfaction, has been made possible by our committed, experienced, qualified, innovative, and dynamic workforce.

MABFIX Co. Ltd is a financially and technically strong company that is steadily growing into a market leader, with its unique selling proposition (USP) being its client-centred approach and the delivery of high-quality end products.

OUR VALUES

The company upholds the following values as a guideline to its operation and business transactions:

Commitment , Customer Value , Teamwork , Professionalism Flexibility / Adaptability, Social Responsibility

VISION STATEMENT

To establish **MABFIX CO LTD** as a leading construction and engineering company, recognised for delivering sustainable, high-quality projects and innovative solutions. We aspire to be the partner of choice by consistently providing exceptional value, technical excellence, and reliable services across diverse construction sectors. We are equally committed to fostering a safe, inclusive, and rewarding working environment for our employees.

MISSION STATEMENT

Our mission is to provide reliable, innovative, and cost-effective construction and engineering solutions that enable our clients to build safe, secure, sustainable, and efficient infrastructure. Through quality workmanship, technical expertise, and outstanding customer service, we strive to exceed client expectations while contributing to the long-term success of every project.

OBJECTIVES

- Deliver high-quality construction and engineering solutions that meet or exceed client expectations.
- Assist clients in the successful planning, implementation, and completion of their projects.
- Build long-term relationships through trust, reliability, and exceptional service.
- Provide practical, cost-effective, and sustainable solutions tailored to each client's requirements.
- Uphold the highest standards of quality, safety, and professionalism in every project.
- Support our clients in obtaining the necessary approvals and ensuring smooth project execution from concept to completion.
